Please describe a summary of work undertaken by the SAC to improve student achievement and school performance.
Over the last year, the SAC collaborated with Administration and students to ensure that opportunities for professional development and funding requests for classrooms were fulfilled as per regulations laid out in the SAC documents. We engaged with our staff representatives to gain insightful feedback on concerns within the school and student success stories that were brought forward by them. Data was reviewed and discussions were had regarding preparation and teacher initiatives to support continued learning

Please list any significant milestones and success stories that the SAC would like to highlight.
Supporting the increase in current classroom level materials that were co selected with students and teachers. Staff identified that they wanted to have more chrome books on an equitable level so that each class has a small number of Chromebook available per room. To support this we used our funds for Chrome Books.

Please describe any related sub-committee work undertaken by SAC members (e.g., School Options Committee).

Statements of Revenues and Expenditures:

Expenditures supporting the school improvement plan (e.g., providing resources to support math and literacy instruction).
Expenditures supporting the school improvement plan. The SAC money was used to directly provide classrooms with chrome books purchases. Next year our plan is to support specific literacy requests and technology supports at the class level as several subscriptions renew next year. 10 Chromebook at 504.00 plus tax were ordered through Ron Kent April 22, 2026. I followed up May 26 for confirmation with him. We do not have them yet so the following is an estimate based on the price he gave me. Update: they were received Total 5745.60 (approx.) Balance remaining after would be 9.36$

Expenditures supporting policy development and implementation (e.g., supporting and promoting new policies).
